

Thank you for your interest in employment at Circle Z Ranch.

Circle Z ranch is a winter ranch, open to guests October 31, 2010 – May 1, 2011. We employ seasonal staff October 1-May 14. Ranch positions available this 2010 - 2011 season: Cook / baker, housekeepers, wait staff, Float (does everything) and wranglers.

The following information is included to give you a brief background on our operation.

The Circle Z Ranch is one of the oldest Arizona dude ranches, having been built in 1926 by Lee Zinsmeister in the midst of cattle ranching country. He had looked all over Arizona for a good location and, in his words, "selected this site because of the mountainous area - ideal countryside for horseback riding - and the lovely winding Sonoita stream." He also admired the many canyons and arroyos, each different, which lead down to the stream that is heavily lined with huge cottonwood and sycamore trees. The terrain invites exploration, as each bend in the trail reveals a new view of mountains, lake or strange rock formation. Add to this the chance to see rare birds, flowering plants, and unusual mammals - keep an eye out for coati mundi (chulo) or wild peccary (javelina)! - and you know why guests keep returning.

The fourth generation children of a couple of families are now big enough to enjoy the same type of vacation their great grandparents did. That is the key here, to provide an old-time ranch experience, keeping much of the early western atmosphere; living in simply decorated adobe cottages, riding excellent horses (many homebred), and enjoying fine food. The Ranch also appeals to those who like an historic setting. Indians and Spaniards, pioneers, miners and cattlemen have crisscrossed the area.

The present owner, Mrs. Lucia Nash of Cleveland, Ohio purchased the ranch, in 1974. Mrs. Nash had come here as a child and had brought her children here throughout the following years. During a vacation here, she became aware that the ranch was in danger of being sold for development and she acted quickly to purchase it. During her 32 years of ownership, she has increased the ranch holdings from 800 acres to 5000 acres of deeded land. In all there are 6500 acres that make up the ranch. Mrs. Nash visits frequently during the season.

We accept 40-45 guests and employ 19-22 staff members. Our season starts for staff on October 1 and continues until May 14 this year.

The climate on the ranch is mild with warm sunny days and surprisingly cool nights. The town of Patagonia is 4 miles away and Nogales, Arizona is 12 miles away. Tucson is just a short one-hour, as is Sierra Vista. While living the ranch life can be challenging, the rewards are numerous and many of our employees of all ages come to the ranch for their first season and return year after year. We look forward to hearing from you and hope that your Circle Z experience will be a pleasant one and that you will remember it for a lifetime.
